

HYBRID SMART CONTRACT

A Unique Concept of Autopool & ROI

...

HYBRID MODE OF
FINANCIAL FREEDOM

Built on Binance
Smart Chain

WHAT IS HSC ?

A New Earning Pattern Leverage Crypto Ecosystem

HSC offers 2 distinct investment plans, each catering to a different class of investor. Longer plans offer risk-adjusted returns, meaning investors with higher risk-tolerance will earn better returns.

HYBRID SMART CONTRACT is the first Smart Contract that provides Automatic ROI Investment Systems on Autopool earnings and providing sustainability and fast growth of earnings systems.

Compensation Plan:

1. HSC AUTOPOOL

2. HSC ROI

HYBRID SMART CONTRACT is a community-driven, high-yield staking protocol built on the Binance network. Users can stake BUSD to earn passive income paid in BUSD token UPTO 350% in 200 Days & 180% income from AUTOPOOL.

LEADER BONUS PLAN

Create your own community and earn endless income.

HYBRID SMART CONTRACT is a community-driven plan that encourage Community Leaders to build your own team and invite them to join HSC plan to get financial freedom in this bear market.

HYBRID SMART CONTRACT will give **\$1000** as an Bonus to each leaders who has a community and will fulfill the Financial Freedom criteria.

HSC believes that great Community Leaders have potential to make a real difference and create meaningful change.

Leaders are free to invite N number of members and free to claim the Bonus anytime. HSC has deligated the power to community leaders to earn benefits from HSC because HSC is built for Leaders

HYBRID SMART CONTRACT (HSC) is a perfect solution for equation of smart contract, it have two main sectors for those two who can referal people and for those who can't referal people and still seeking for income
